Welcome to Magnolia Park

.....
From the moment you drive through the entrance of Magnolia Park you're greeted with stunning views of the surrounding countryside and an equally stunning venue which offers something for everyone. Our golfing facilities are world-class, with a 7,000 yard Championship course that is suitable for players of all standards, yet offers real challenges, even for the pros.

GOLF

In fantastic condition all year, Magnolia Park Golf Course was built in 1997 and designed by Jonathan Gaunt, who is responsible for the design of many Championship courses. Our spectacular par 73 golf course weaves through 200 acres of stunning Buckinghamshire countryside and, at 6,946 yards, presents a fantastic challenge for all golfers.

The 18 hole championship course is a perfect blend between a parkland and inland links, with undulating fairways which meander through natural valleys, lakes and streams. The course has several signature holes including the 2nd, a Par 3 surrounded by beautiful woodland with the green tightly nestled behind one of our many natural lakes. On the back 9, the Par 4 15th is one of our many risk and reward holes, and with a gentle dogleg right and water protecting the green, a long drive could make or break your scorecard.

Off the course, the Tony Jacklin Golf Academy offers golfers the 3D Gears Golf data capture system for golf swing analysis - one of the most advanced training and custom fitting systems in the world. There's also The Putting Lab which uses the fantastic SAM PuttLab to help you to understand the importance of the club face and the fundamentals of putting. The clubhouse provides a fully equipped gym and modern changing facilities which incorporate both sauna and steam rooms.

Offering a wonderful blend of beauty and challenge, Magnolia Park's picturesque water features and variable wind conditions see many describe it as the closest a parkland course can be to a Links.

A photograph of a dirt path lined with young trees, likely magnolias, in a park. The path is flanked by green grass and the trees are bare, suggesting a late autumn or winter setting. The path leads into the distance, where a grassy hill is visible. The lighting is soft, and the overall atmosphere is peaceful and scenic.
